REAR VIEW - ACHTERAANZICHT - VUE DE L'ARRIERE - ANSICHT VON HINTEN

(GB)

A = Pitman arm C = Steering damper
B = Torsion bar D = Existing bracket

1. Remove the original steering damper.
2. Fit the new steering damper in such a way that the eye, which is close to the dust cover, is fixed to the Pitman arm.
Take care that the indication "BELOW" is on the lower side.

(NL)

A = Pitmanarm C = Stuurdemper
B = Bovenste torsie-as D = Bestaand hulpstuk

1. Demonteer de originele demper.
2. Monteer de nieuwe stuurdemper zodanig, dat het oog aan de zijde van de stofkap aan de Pitmanarm bevestigd zit.
Let op dat het woord "ONDER" naar de wegzijde gericht is.

(F)

A = Bras Pitman C = Amortisseur de direction
B = Barre de torsion D = Ferrure existante

1. Démonter l'amortisseur d'origine.
2. Monter le nouvel amortisseur de façon que l'anneau près du cache-poussière soit fixé au bras Pitman.
Ayez soin que l'indication "BAS" se trouve au côté inférieur.

(D)

A = Lenkstockhebel C = Lenkungsämpfer
B = Drehstab D = Vorhandenes Anbauteil

1. Demontiere den Originaldämpfer.
2. Montiere den neuen Lenkungsämpfer derartig, daß das Auge an der Seite der Staubkappe an den Lenkstockhebel befestigt wird.
Bitte beachten, daß die Angabe "UNTEN" sich an der Unterseite befindet.
